

# Richard Smith Wins Fisher Scholarship

cepts" won for Richard Smith, El Camino College art student. The opportunity of continuing his studies under a \$1000 scholarship awarded by the Fisher Body Division of General Motors.

Although he is one of 19 students to share in a national jackpot of \$42,000, the 20-year-old resident of Torrance will only hear how money talks; he will not see it. Appropriation of the funds for study will be made directly to the educational institution for tuition and other expenses.

IN PLANNING his career in industrial design, the student has elected to continue his work at El Camino College before enrolling for upper division credit at the University of Southern California. He has just completed a summer course in rendering techniques under the instruction of Robert Niece at El Camino.

In preparing his 15½" model for entry in the contest, Smith was stimulated by Instructor Charles Bluske, in whose class he was enrolled at the time. "I've been interested in this sort of thing for several years and Mr. Bluske guided me in automotive concepts," Smith said.

Added significance was given

en the youth's victory in the national competition in view of the fact that it was his first attempt in entering the contest. His winning entry is made of plaster and finished in light green lacquer. It is described as "simple in design with a European flavor."

CONTEST OFFICIALS added that the design is unique in its contours and features a neat, trim appearance.

The top awards were announced in Detroit by E. C.

Oltzburger, vice president of General Motors and general manager of the Fisher Body Division. He spoke at the Craftsman's Guild national banquet.

In addition to the scholarship, Smith gained credit in his art class with a grade of A for his efforts. The car was "home work" in the college course.

The son of Mr. and Mrs. Howard Smith, 140 Via La Circula, the design winner is a 1957 graduate of Torrance High School. He is working this

summer as a technical illustrator at Autonetics in Downey, a division of North American Aviation Inc. His father is employed by Rohr Aircraft Company as an industrial engineer.

## "Primitive Gospel" Is Sermon Topic

"Primitive Gospel in the Primitive Church" will be the topic of the sermon to be given Sunday by the pastor of Alondra Park Methodist Church, 3153 W. Compton Blvd., Gardena. The Rev. Earl W. Isbell will be preaching at both 9:00 and 10:30 a.m. services of worship. Child care and Sunday school for children through the sixth grade are offered at both hours; youth classes are divided, with junior high department at the first hour and senior high at the second.

Tomorrow evening from 6:00 to 9:30 p.m. the junior high Methodist Youth Fellowship will hold the annual church-wide ice cream social. The social will feature home-made ice cream and fellowship. Mr. and Mrs. George Barga, counselors, have been working with several youth committees in preparation for this happy occasion. Everybody is invited. The social is announced as the one big occasion of the junior high MYF for raising funds for the program of the year.

The Chancel Choir, composed of both adults and youth for the summer, is preparing some very special numbers and enjoying the challenge of the music. Miss Betty Zaugh, choir president, invites youth and adults who enjoy singing to come and share with the present choir members. Rehearsals are held on Thursday evenings at the church from 7:30 to 9:00 p.m.
